Sec: Ethan Marsh 714-637-4418 Treasurer: Pat Schreffler
714-921-2273 Editor & Member at Large: Roland Tweed 951-315-9054

APRIL, HAPPENINGS AND EVENTS!

TABLE OF CONTENTS

Next meeting date, Club business,	P. 1
President's Column	P. 2
Editor's Column	P. 3
Plane Truths, Misc.	P. 4

NEXT MEETING: The next regularly scheduled meeting of the Circle City Flyers will be held on **Thursday APRIL 21**, 2016 at the Corona Senior Center located on the corner of 10th and Belle St, in Corona. Please be there on time so you can get your free raffle ticket, and win some cool stuff.

FIELD NEWS STORAGE CONTAINER UPDATE

Today we got rid of all of the timbers that were stored in the shed, and also all to the non-folding chairs. There are two folding chairs left, and plenty of room.

Kory has volunteered to build shelves on one side of the shed for tables and stuff, if the

club will furnish the lumber. I think we probably should think this over a while before we decide one way or the other. He also mentioned a generator he has to put in the shed if he can get a way to secure it in the shed. (welding or something)

There are 6 - 8 white plastic chairs in good shape (need cleaning) the club can have. Also my take on Kory wanting to build shelf's is a good thing. I don't think material needed is too far out of the ball park, but it will help organizing and make it easier to find things in the shed. Remember Roland's trainer plane will go in there. Jose has that friend who did the lock enclosure that Kory could contact. Let's hear what the board thinks and we can make a decision to go forward or not.

:

PRESIDENT'S MESSAGE!

I would like to thank those members who attended the Bioenno Power presentation at our last meeting. Attendance at our meetings is improving and we would like to keep the momentum going by staying consistent with our meeting format, raffle and bringing in guest speakers.

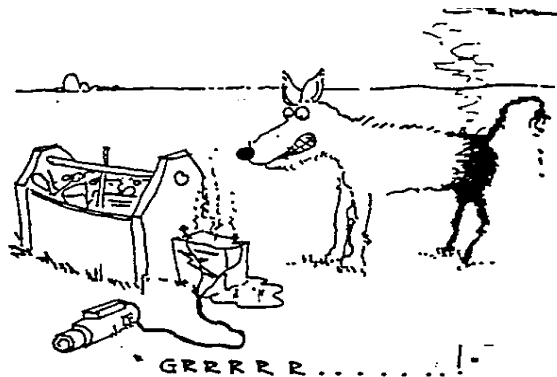

Bioenno Power donated five of their batteries to our raffle, plus provided a code to enable members to purchase their batteries at show prices. A copy of their presentation is filed for viewing on our website. Bob Behrens donated a T-shirt and his wife brought St. Patrick cookies. All this and our raffle prize for this month, a \$75 gift card to HobbyPeople added to the fun.

We have put on our website "how to's

"so you can have these available to you to help you navigate and use our website. Our website offers a lot of information about our club, upcoming events outside the club, opportunity for all to vote on club matters, a place to put your ads, submit articles and contact your officers with ideas for future club events or field improvements. Take advantage of these and use the capability of our website.

The signs have been all put up at the field. I had small work tables made for every other stall. These can be moved out of the way if you don't need them. This was the work of Ron Mullins. Thank you, Ron. Next is to organize a work day to paint posts and repair/replace shingles on roof.

See you at the field, Jesse

THE PLANE TRUTH is the Official Newsletter of the Circle City Flyers of Corona, CA. It is published monthly for the benefit of its members. Copies are also provided to other interested individuals, R/C Clubs and hobby stores. Current circulation is pushing 80. Portions of the Newsletter may be reproduced without the permission of the Circle City Flyers for whatever reason. Acknowledgement of the source and author of any reprinted material is appropriate. Usually the club meets on the 3rd Thursday of each month at the Corona Senior Center and at DELEO Field whenever its members are flying. Guest and potential new members are always welcome to attend club meetings and to visit the field.

TRAINER UPDATE

The club has available a Trainer airplane complete with radio and battery for the purpose of training kids and those new to the hobby who want to learn to fly. It can also be looked upon as a recruitment tool for our club. The key is to have those experienced pilots volunteer to be available as trainers.

YOU KNOW WHO YOU ARE! This will not only fill the need of the proposed program but help our club immensely. We need at least four or more volunteers. They will be available thru appointment only. The trainers will keep in their possession the battery and radio to make sure its charged when needed. The plane will be stored in the shed. The battery and radio will change possession every month or what is decided amongst volunteers along with key to the shed. The rotation will include taking turns for "first" to be called for appointment.

Please contact Roland Tweed rdtweed@sbcglobal.net or Jesse Paz you want To volunteer .

This is a great way to help the club grow. Imagine recruiting a lifetime aviation fan like the rest of us.

EDITORS COLUMN

The arrival of Daylight savings time changes everything. We can get to the field earlier, stay longer, and fly higher. Oh sure, the 8:30 AM noise restriction is still in place.

This month's club meeting was especially interesting because we had a Guest speaker from a local Lipo Battery manufacturing company. He brought with him several Lipo battery backs for the club raffle and for sale at a discount. Kudos and other acclamations are due to club President **Jesse Paz** for arranging this.

Long time CCF member **Bob Behrens** and his wife were also in attendance and looking good. Hope to see them at the field soon.

Roland

APRIL PLANE TRUTHS!

If you think you can do it...you might!

If you think you can't do it ... you won't!

AVIATION in itself is not inherently dangerous, but to a greater extent that the sea, it is terribly unforgiving of any carelessness, incapacity or neglect!

THINGS TO DO THIS MONTH!

WORK like you don't need the money!

LOVE like you've never been hurt!

DANCE like nobody's watching,

SING like nobody's listening

LIVE like it's Heaven on Earth!

**SPRING IS
HERE, SUMMER
IS COMING AND
THE WEATHER
IS PERFECT FOR
FLYING.**

**GET
INVOLVED
WITH YOUR
CLUB!**
