Next Meeting Date, Dues notice	P.1
President's column	P.2
Notice of Field Closure	P. 2
Editorial	P. 3

### NEXT MEETING:

The next regularly scheduled meeting of the Circle City Flyers will be held on **Thursday MAY 18, 2017 7:00 pm** at the Corona Senior Center located on the corner of 10th and Belle St, in Corona. Bring one of your planes to show off to the club and receive a free raffle ticket.

### Minutes

The meeting was called to order at 6:55 PM. President, Jesse Paz started off with an announcement that Kawasaki will be using our flying site starting on Monday May 22<sup>nd</sup>, 23<sup>rd</sup> and 24<sup>th</sup> with cleanup on Thursday May 25. The field will be closed Monday Tuesday and Wednesday.

The minutes were published in the Club Newsletter. A copy was not available for reading at the meeting.

Treasurer's Report: Given by Jose Navarrette and approved .

OLD BUSINESS: Jesse announced that last months vote for changes to the club By-laws passed.. Roof repair and field weed abatement was mentioned. There will be a signup sheet at the field for volunteers to help with weed wackers.

NEW BUSINESS: Jesse gave a run-down on the Scale Fly-in scheduled for June 24<sup>th</sup>. AMA Scale workshop speaker, Top 10 planes will get plaques or trophies. Hot Dogs for lunch, etc. Ed Bialon is take care of publicity for the event.

The topic of flying field shade cover roof repair was discussed at length with the final results. Danny Salas'

**PRESIDENT'S MESSAGE!**

Hello everyone I hope your enjoying your time flying. Bring out those new planes you've been working on. We are in the process of repairing our roof on our field cover; cutting down some weeds is next. Cutting down some weeds will enhance our field's looks in preparation of our coming event June 24th.

First, however Kawasaki will hold their management meeting / new product introduction **May 22 thru May 24**. Please make note, that **the field will be closed to flying then**. Your cooperation is appreciated.

I wanted to bring to your attention once more, that we have available to us as members, two great communication tools, the Website and Newsletter. We work hard to bring you the latest club

news, club events and in the case of the Newsletter, announcements , jokes, words of wisdom, editorials and the list goes on. Please support your club by at least taking a few minutes a month to read them or at least open the link sent to you and look.

These should be your main communication focus for club news, especially if you can't attend the meetings. It's easy, just click on the link sent to you via email and you're taken to the Newsletter, how more convenient can you get. I might add while you're there, take a couple of minutes to look around in our website. Let's support these two communication tools and make it a point to read them.

Thank you, Jesse

**FIELD CLOSURE**

Please take **NOTICE** that our field will be closed to flying **May 22-24** .

This is to accommodate Kawasaki's management meeting/new product introduction.

**THE PLANE TRUTH** is the Official Newsletter of the Circle City Flyers of Corona, CA. It is published monthly for the benefit of its members. Copies are also provided to other interested individuals, R/C Clubs and hobby stores. Current circulation is pushing 75 Portions of the Newsletter may be reproduced without the permission of the Circle City Flyers for whatever reason. Acknowledgement of the source and author of any reprinted material is appropriate. Usually the club meets on the 3<sup>rd</sup> Thursday of each month at the Corona Senior Center and at DELEO Field whenever its members are flying. Guest and potential new members are always welcome to attend club meetings and to visit the field.

## EDITORIAL

Jesse's right. A great deal of effort goes on behind the scenes to keep our club operating for the benefit of its members. One of the "issues" I have noticed is with the newsletter coming out only in electronic form. I can't tell if anyone is actually reading the newsletter. Except for Jesse and Ethan, I get almost ZERO input from the members. The same is true for the effort guys are putting in the club website.

It's hard to stay upbeat and energized if nobody cares. You remember the tree falling in the forest! Does anybody hear it? Hmm... send me an email with your input, comments, complaints, etc.

[Rdtweed@sbcglobal.net](mailto:Rdtweed@sbcglobal.net) Thanks!

We need volunteers with weed eaters and trimmers to cut down growth around the perimeter of our field. See Jesse for details.

Roland Tweed

---

Minutes continued from Page 1

motion to spend up to \$350 was passed by vote.

**SHOW& TELL:** New member Rick Tucker showed the First Place Award he won with his P51 at the recent Scale event held at the Corona RC Field.

**RAFFLE:** Winners of \$25 VISA card was won by Rick Tucker (2), and Darrel Pierson.

Meeting adjourned at 7:55 PM

## BET YOU DIDN'T KNOW THIS!

Computer growth and technology has grown at fantastic speeds over the years which has caused the development and existence of words you never heard of just a few years ago.

Remember the first IBM Personal computer with a 10MB hard drive. ?

MB is short for Megabytes or 1 million bytes of information. What comes after a Megabyte? A Gigabyte silly! Which roughly equals 1 Million Megabytes. I remember getting my first computer that's hard drive contain ONE (1) megabyte. Thought I would never use it up in my lifetime. How wrong could I be!

After that, 1000 GIGABYTE equals 1 Terabyte or 1 Million Gigabytes. I just popped a 2 Terabyte hard drive into my computer today. Do you think I will ever fill that up? Is there something larger than a Terabyte? Of course there is....and that would be a Petabyte or 1024 Terabytes. It is difficult to imagine something that large and yet it gets even larger. 1024 Petabytes equal 1 Exabyte. 1024 Exabytes equal 1 Zettabyte, 1024 Zettabyte equals 1 Yottabyte.

After that it starts getting murky.
