PRESIDENT'S MESSAGE!

Hello everyone, I hope all is well with you. The good weather is really nice lately and perfect for flying. The motorcycle guys are tapering off and should be gone by April.

We had a record breaking meeting attendance in recent history, 16 members attended. I thank you very much for your attendance and support. If we keep getting this kind of attendance for two more months, I will add a door prize to go along with our regular raffle. The new bylaw passed and I thank you for taking the time to vote.

I would like to ask for volunteers for some field maintenance and roof repair. If you know of a source that we can borrow or even rent equipment from, at a reasonable price, please let me know. Let's keep our field looking good and repaired.

See you at the field, Jesse

EDITORIAL

The passing of any human being is always a hard pill to swallow, however when it's close friend it's heart wrenching. Larry Weisman a long time CCF member and a good friend of mine, has passed away (3-26-17). I remember Larry always helping our club by making his outstanding Flyers for our club events without hesitation, compensation or recognition.

He always enjoyed being out at the field with his son and later with his grandson, teaching them the principles of RC flight, but not ever really learning to fly himself. That was Larry an unselfish parent and patient teacher. He always enjoyed the time spent at the field and was always seeking to learn more, not just for him but to enable him to teach his siblings even more. He succeeded, because his son learned to fly very well and so did his grandson.

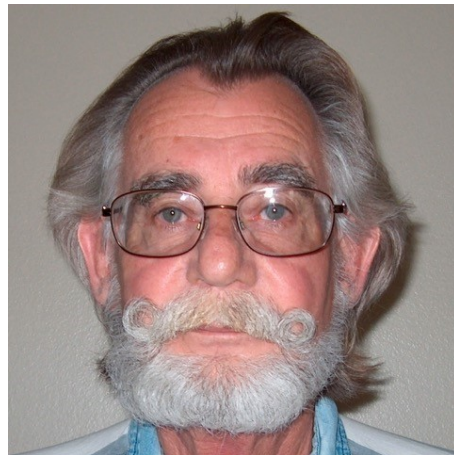

His son recently obtained his PHD and Larry was very proud. Larry was a very dedicated man who cared about the hobby and the club. Larry was a great craftsman and artist. He was a man of many talents and interests.

He was big on building model boats, and like everything he did, they were exquisitely built. Larry worked part time as a graphic artist designing labels and ads for various companies. He helped me unselfishly when I tried marketing a product thru my attempt at forming a company. He provided all the labels and logos. He just did it, no questions asked.

It's rare you encounter a human being with that kind of generosity, understanding and just plain there for a friend. I'm happy to

have known him and experience his kindness and above all his friendship. I will miss our talks, I will miss him period. The club is grateful for Larry's membership.

COPY THAT

A young monk arrives at the monastery. He is assigned to helping the other monks in copying old canons and laws of the church, by hand. He notices, however, that all of the monks are copying from copies, not from the original manuscript.

So the new monk goes to the Old Abbot to question this, pointing out that if someone made even a small error in the first copy, it would never be picked up! In fact, the error would be continued in all of the subsequent copies.

The head monk, says *"We have been copying from the copies for centuries, but you make a good point, my son."*

He goes down into the dark caves un-

derneath the monastery where the original manuscripts are held as archives, in a locked vault that hasn't been opened for hundreds of years. Hours go by and nobody sees the Old Abbot.

Worried, the young monk goes down to look for him. He sees him banking his head against the wall and wailing. *"WE MISSED THE R. We missed the 'R', We missed the bloody 'R'.* His forehead is all bloody and bruised and he is crying uncontrollably.

The young monk asks the old Abbot, *"What's wrong father?"*

"The word was CELEBRATE!"
